

An abstract graphic on a dark grey background consisting of several horizontal and diagonal lines in blue, red, yellow, and green. Each line has small circles at its ends, resembling a network or data flow diagram. The lines are arranged in a way that suggests a path or journey.

Google's Open Source Journey

A 20 year relationship

Chris DiBona
Director, Open Source
Google

Google is an
expression of
open source

History of open source at Google

Early adopters

**~3K 7da
Projects**

Small Projects - For Engineer Happiness, api examples.
Medium projects - Supported as part of a larger team effort. Sample tf models, Science Journal!
Large Projects - Significant headcount/budget, customer adoption targets, strategically important to the organization. Roadmaps, milestones, external or internal reporting/relations. K8s, kubeflow, Go, etc..

Past - Present - Future
